SYMPHONY OF GRANDEUR

reddot winner 2022

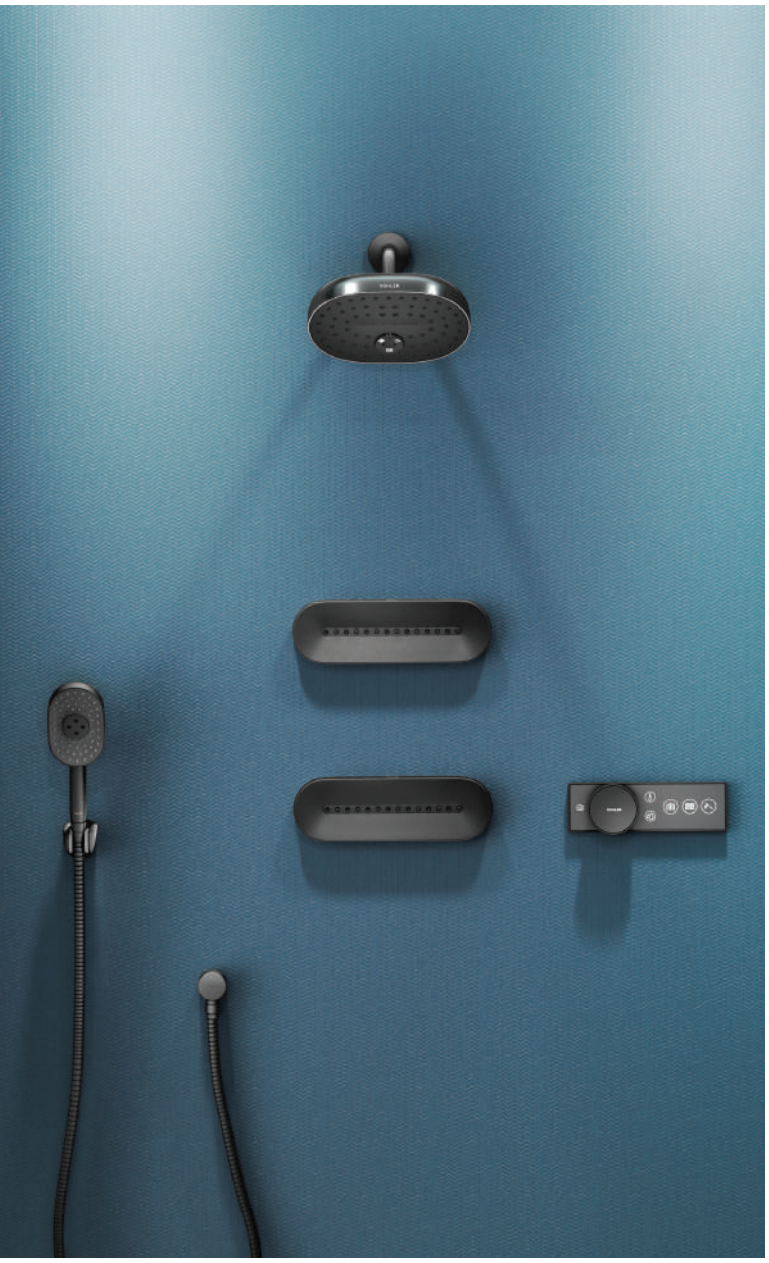
DESIGN AWARD 2022

ModernLife Edge™ toilet & vessel

Luxury climbs a notch in this stunningly designed bathroom that sports a décor oozing heat and mystique, with beautiful gold accents lifting the look. Sapphire Sangria red walls with polished Satuavrio marble exude opulence, while the white penny tiles in the showering area lend a soft touch of minimal sophistication. The geometrical black & white flooring lets the gaze travel a wider area, making the space look bigger while creating a rich symphony of black, white and red.

Veil® toilet and vessel in white, Ming mirror, Avid™ faucet in matte black & Statement™ showering collection with Anthem™ valves

OPULENCE MEETS INTELLIGENCE



Drawing inspiration from monochrome aesthetics, this look tastefully harnesses a dark colour scheme and ambient lighting to exude a dramatic aura. An icy blue epoxy vanity counter and deep grey textured walls and flooring spark further intrigue.

Crafted with convenient features and innovative technology, Kohler's range of intelligent bathroom products is ideal for this luxurious bold theme, whether it be the Ming mirror and Veil® intelligent toilet or the Statement™ showering system. Transform your personal space into a mysterious masterpiece.

THE BEAUTY OF EDGE

Playing with a teal, gold and white colour scheme, the skillful juxtaposition of Kohler's Peacock ModernLife Edge™ basin and toilet with french gold fittings and fixtures amidst a serene, white backdrop creates a contemporary ambience that's powerful and clean. Statuario marble cladding on the walls, American oak floor tiles, and refined metallic trims further enhance this minimalistic look. An oblong gold framed Kohler® mirror and ergonomically designed splash-free vessel radiate class and elegance, while an elongated counter with open shelves gives a sense of free-flowing space that's inviting.

SIMPLE YET SPECIAL

A modern design that reimagines minimalism through the strikingly simple Brazn collection, every detail is deliberate and bold. A Calcutta marble grooved pattern adorns the walls, while penny tiled flooring elevates the look further. An easy-to-clean, seamless design offers a fluid use of space, whereas a floating Ming mirror set against a full-height window that overlooks the garden offers an asymmetric design twist pleasing to the eyes.

DESIGNED TO INSPIRE

Design embodies Kohler's dedication to innovation through a blending of technology and art. We are on a never-ending odyssey to create inspiring designs that are engineered to the highest standards of quality and performance.

Kohler® toilets are designed keeping in mind how a person's bathroom is their sanctuary, a peaceful haven set apart from the frenzied pace of today's lifestyle.

Statement™ showering collection in matte black

A BOLD STATEMENT

A classic pairing of white Lasa and Abu black marble on the walls, this statement bathspace is timeless. White and black hues offer a dynamic contrast that feels fresh, high-end and captivating. Exquisite materials, streamlined silhouettes, and matte black fittings make a dramatic statement. The Statement™ showering collection features soft, voluminous forms and drenching spray experiences to elevate your moments of well-being through luxurious flair.

ModernLife Edge™ toilet & vessel in peacock & Aleo+™ faucet in rose gold

TROPICAL PARADISE

Inspired by the tropical paradise, this look is all about bringing nature to your private sanctuary through materials and colours. The bold leaf-printed wallpaper, wooden flooring and natural plants fill your bathroom with a real tropical vibe. Kohler's peacock coloured range is the ideal shade for this theme. The peacock ModernLife Edge™ vessel and toilet add drama and delight to the space along with high-functioning comfort and luxury. Rose gold faucets and accessories tie the whole look together. Make people green with envy with this tropical paradise of a bathroom!

ECCENTRIC POWDER ROOM

This eccentric design complimented by the Statuario marble cladding on the walls and vanity counter is the perfect rendition of luxury and harmony. When paired with hexagonal matte pink mosaic tiles, it adds an extra dimension to the design. The herringbone pattern flooring with a contrasting grout color highlights the unique design and the magnificent crystal chandelier adds a touch of drama to the entire space.

INDIGO CHARM

A glamorous and edgy reimagination of your bathroom, a splash of indigo in the Vive™ Suite adds a dramatic touch to your bathroom. The Vive™ range of products embody the art of expression through high-end sophistication. A graceful contrast of magnificent indigo hues within a realm of classic grey and white textured walls reflects a polished personality. Utility and modernity are balanced perfectly in this space through royal shades and with fluid design.

Vive™ toilet & vessel in indigo & Vive faucet in french gold

UNMATCHED HYGIENE

Striking, earthy and bold – this monochromatic design turns any space into a luxurious, high-functioning bathroom. The neutral colour tones and natural textures make the bathroom feel very grounded yet stylish. The Hewn stone look of the walls and floor dial up the style factor. This is complemented perfectly by Kohler's matte black fittings, and the fluid shape of the Kankara basin. The Trace™ wall hung with its smooth uninterrupted design ensures no hidden dirt traps and the PureWash™ attachment offers a superior intimate cleansing experience.

RIVERBATH™

Available on select models, a factory-installed pillow with two integral neckjets pulses alternately from left to right for a stimulating, stress-relieving massage at the back of the neck. Customize your experience by adjusting the pulse and water flow to your level of comfort.

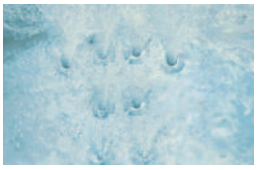
WHIRLPOOL JETS

Kohler® whirlpool jets are individually adjustable to target specific areas of your body. Delivering the optimal mix of air and water, they fully adjust the water flow intensity and directional control.

VIBRACOUSTIC™

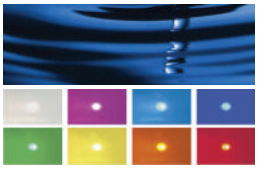
Hidden speakers emit sound waves that envelop and gently resound within the body. Choose a soothing spa session with built-in compositions, unwind to your own music playlists, or catch up on news and podcasts.

Here's a closer look at the technology systems that drive Kohler® hydrotherapies. Each of these technologies has been developed by our own design and engineering teams to bring you the best options and experiences in Hydrotherapy.



BACKJETS

Available on select models, the Bodymassage backjet system, featuring ten Kohler® backjets, loosens tension throughout the back and shoulders and encourages deep breathing. Our backjets fire two by two, targeting the lower back first and moving all the way to the shoulders. In this way, our backjets simulate the natural progression of a hands-on massage.



CHROMATHERAPY

A colour experience designed to enhance bathing, this eight-colour spectrum washes over the body in a repeating one-minute sequence or may be programmed to rest on any one of the colours, to help create a soothing or energizing ambience.

BUBBLEMASSAGE™ AIRJET DESIGN

This proprietary design ensures comfortable and consistent bubbling action, making Kohler® BubbleMassage™ the ultimate air bath experience. The 360-degree staggered airjet design, along with targeted foot and lumbar airjets, delivers a full-body massage.

ENHANCE YOUR COMFORT

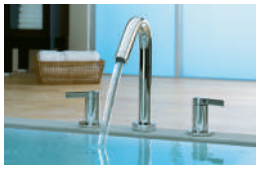
We offer various accessories to make your bathing experience even more relaxing and tailored to your preferences. A pillow and footstop provide added comfort and are available in the most popular Kohler® colours. Bath and whirlpool trim options, drains and under-mount installation accessories allows you even more flexibility for customization.

REMOVABLE PILLOWS

The optional pillow (K-1491) provides a comfortable addition to any Kohler® bath, whirlpool or BubbleMassage™ air bath. Suction cups hold the pillow firmly in place, yet allow it to be removed easily for cleaning.

REMOVABLE FOOTSTOPS

An optional footstop (K-1601) can be placed at the base of the feet or under the thighs to comfortably adjust your bathing position in larger baths. It coordinates with any Kohler® bath, whirlpool or BubbleMassage™ air bath.



CLEARFLO SLOTTED OVERFLOWS

Kohler® offers you a wide array of features, including the Clearflo slotted overflow drain that affords up to an additional 38mm of water depth. Recommended overflow/drain combinations for each bath are listed in the feature charts. To view our complete selection of drains, visit us at KOHLER.com

ELECTRONIC CONTROLS

All hydrotherapy features may be independently controlled with ease. Some models include a lighted keypad and floating remote control to add further customization and convenience.

ELECTRONIC DRAIN

Completely modular, PureFlo rough drains let you choose from a basic rotary-handle trim kit or contemporary, traditional and Victorian designs with rotary and push handles. At any point in the life of the drain, the trim can be changed without accessing plumbing behind the bath or wall – perfect for remodeling. Rough drains and trim kits are sold separately.

WHIRLPOOL

PROFLEX

DISTINCTIVE FEATURES

Streamlined Nozzles: Newly upgraded nozzles, bring safety and comfort to you with its only 3mm height, that you cannot feel it.

Intelligent Cleaning System: The pipes are designed to purge the water completely, preventing residual water and breeding of bacteria. A manual cycle can be activated at the touch of a button to quietly purge residual water from the air channels. An automatic cleaning cycle is activated about 30 minutes after each use. Kohler's strict quality inspections ensure product safety.

IDEAL WHIRLPOOL AIRJETS

With bi-directional air jets and a unique swirling bubble effect, you experience a relaxing massage with the consistent flow of air and water pressure.

FLEXJET TECHNOLOGY

Flexjet whirlpool jets are individually adjustable to target specific areas of your body. They adjust 360-degrees for intensity level and 60-degrees for direction, and deliver the optimal mix of air and water.

DESIGNED FOR HYGIENE

The pipes are positioned and designed to conduct a complete purging of water, preventing residual water and bacteria breeding. Strict quality inspections were conducted on the pipes to ensure usage safety.

INTEGRATED WHIRLPOOLS

Kohler® integrated whirlpools provide bathers ease of use by pre-installing the faucet, bath apron and bath drain before delivery. This saves the bathers time for finding complementing fittings for the whirlpools.

Strayt™ touchless cold only basin faucet in polished chrome (K-72866IN-ND-CP)

KOHLER® COMMERCIAL FAUCET ADVANTAGE

To help you specify the best Kohler® faucets for your commercial or hospitality enterprise, we've outlined some of the key features that make Kohler® best in class.

KINESIS™ TECHNOLOGY

In traditional IR sensors, the sensor range can be affected by the environmental distortions such as color or the texture of the object. Kinesis™ technology with concealed sensor allows for a clean aesthetic and provides extraordinarily accurate and reliable actuation in varying installation environments. Additionally, Kinesis™ sensor technology offers on-demand detection for maximum water savings.

INSIGHT™ TECHNOLOGY

Improved over traditional infrared sensors that rely on fixed settings and may misread environments, Insight™ technology features an adaptive infrared sensor that has the ability to analyse the surrounding area once installed. After recording these details, Insight™ is able to calibrate the sensor to filter false triggers and optimize the faucet's operation.

MANUAL CONFIGURATIONS

In addition to Touchless™ faucets for commercial applications, we offer manual faucets in a variety of configurations, including wall mount, widespread, centerset and single-handle, to accommodate any number of bathroom designs and functionality needs.

Care and cleaning guidelines for Chrome and Vibrant® PVD colours /finishes – Sanitaryware, Bathroom Furniture, Faucets and Bathing Products

Though Kohler cabinets are resistant to water and humidity but protection from water and humidity will increase the life of the product. Therefore, take care of the product as below:

- As with any furniture with wood fiber panels, an overly-high level of humidity may damage the product. All furniture must be installed in a well-ventilated bathroom.
- Always use a shower door or curtain and wipe off splashes immediately.
- Any product likely to come into contact with water should be protected with a silicon-based seal product (i.e., in places where the product comes into contact with a tiled floor or is against a tiled wall). Wipe off water splashes immediately.
- Dry off excess moisture with a towel or soft cloth, taking special care with the furniture edges.
- Do not leave a damp towel on the furniture. This could damage the product coating and cause mold or bacteria to proliferate.
- Recent stains or food stains: Clean with a soft cloth dipped in soapy water; then dry with a soft cloth.
- Avoid accumulation of water; also avoid frequent spillage of water.
- Always test your cleaning solution on an inconspicuous area on the product before applying it to the entire surface.
- Do not allow cleaners to sit or soak on the product.
- Wipe surfaces clean and rinse completely with water immediately after applying cleaners.
- In the rare occurrence of stubborn stains on Cast Iron surfaces, use abrasives or abrasive cleaners sparingly.
- Clean stainless steel surfaces once a week. Do not use cleaners containing chloride on stainless steel. If used, rinse the surface immediately to prevent corrosion.
- Wherever gold or platinum is used on decorative products, use only warm water to clean and then dry with a soft cloth.
- Use a soft dampened sponge or cloth to clean, never use abrasive material like a bristle brush or scouring pad.
- Do not use cleaners containing ammonia, bleach, or acid. Most toilet cleaning products have high acidic content which can damage the chrome finish, hence they should not be used to clean chrome finish.
- Use a mild detergent (such as dishwashing soap). Do not use abrasive cleaners.
- Rinse and be sure to wipe the entire surface dry.

The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water deposits. It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your faucet safe.
